Portfolio: <https://nerea-portfolio.vercel.app/en>

I am a **Digital Designer** and **Front-end Developer** with international experience, specialising in creating user-centred solutions. I combine creativity, functionality and a keen eye for detail to design clear and coherent digital experiences. I adapt quickly to new challenges and enjoy working in collaborative and multidisciplinary environments.

Work experience

Graphic and UX/UI Designer at Bizzart Cooperativa Sociale

2025

I designed visual content such as posters for events, presentations, logos and social media materials. I also developed several websites using WordPress and helped create visual materials for a cultural event using painting techniques.

Junior Developer at Fidenet Comunicación

2023-2024

I have worked on development projects as a front-end developer. I designed and managed websites using WordPress as the primary CMS, and contributed as a front-end designer and developer to the Caja Navarra Foundation's content management system project.

Work-study training contract at the Fidenet Comunicación company

2022-2023

I began designing and prototyping interfaces in Figma with a focus on usability, and gradually shifted my profile towards front-end development, prioritising layout and technical implementation.

Education

AEG Escuela de Innovación Profesional

2021-2023

Higher Degree in Web Application Development

IED KUNSTHAL BILBAO

Higher Education Diploma in Design, specialising in Graphic Design

2017-2021
